20,0000 VIRGINIA TROOPS DENIED VOTE BY RULING

Richmond, Va., June 18.—Practically 20,000 Virginia soldiers were disfranchised yesterday in an opinion handed down by attorneys representing several state departments.

The opinion was handed down by Attorney Oscar Showake, of the State corporation commission, and Attorney C. H. Morrissette, a member of the legislative research bureau.

Under the Virginia law poll taxes must be paid six months prior to the elections.

At that time nearly all of the men disfranchised were either in the European war zone or in military camps in this country.

CAMPAIGN FOR FUNDS

Richmond, Va., June 18.—Workers throughout the state are laboring hard in every country and in the cities raising funds for the Children's Home Society of Virginia in order that the hundreds of helpless, homeless and destitute little children of Virginia—and there are 10,000 of them—may be saved from their miserable existence. Reports to campaign headquarters are encouraging, but there must be a greater response from every community if the money that is so badly needed is to be raised without delay.

TWO GLASSES

There sat two glasses, filled to the brim,
On a rich man's table, rim to rim;
One was ruddy and red as blood—
The other was clear as the crystal flood;
The one was water—as you have guessed—
The other one—it must be confessed
Was strawberry soda; for nothing stronger
Stands on the sideboard any longer.

No Further Walkouts Expected.—Operations In Full Blast at Yards And all Strikers Now at Work.

The 300 employes of the Potomac railroad yards, who went on a strike yesterday, were all at work today and everything is running along just as smoothly as if there had been no strike.

The men decided to return to work at 3.30 o'clock yesterday afternoon after hearing addresses delivered by F. H. Knight, representing the International Association of Carmen, and Mr. Walsh, representing the Department of Labor, as already told in the Gazette.

These men urged the men to return to work.

As heretofore stated the strike was not authorized by the American Federation of Labor and was purely local.

TO REACH HOME JULY 3.

President Will Address a Joint Session of Congress on the Treaty

Washington, June 18.—President Wilson hopes to leave Paris for Washington on June 24 or 25 if the Germans sign the peace treaty.

Immediately after his arrival in Washington the President will address Congress. After clearing up pressing official business he will start on his "swing around the circle" early in July.

It was said at the White House yesterday that the President expected to spend three weeks on his speaking tour explaining the peace treaty and the League of Nations covenant. The itinerary has not been announced, but he expects to visit the principal cities over the country.

The President has made known a desire that his audiences during his tour be composed largely of opponents of the League of Nations plan rather than its supporters. He also has informed White House officials that he might discuss the League covenant in public addresses during his visit to Belgium this week.

Should he leave Paris a week from tomorrow the President should arrive in Washington about July 3. He will present the revised draft of the peace treaty to the Senate and will discuss the treaty and League covenant in an address to a joint session of the Senate and House.

PLANS MADE SHOULD HUNS FAIL TO SIGN

Allies Will Close on Defiant Foe on Three Sides

WILL CONTRACT RING

Germans Fear Consequences of Rejecting Revised Treaty.—Bets Five to One That They Will Sign.

Paris, June 18.—The Poles and Czecho-Slave will join the allies in throwing an iron ring around Germany in case she chooses war rather than peace, according to authoritative information obtained today.

Marshal Foch's plans in the event that the Germans refuse to sign the treaty, provide for rapid contraction of this ring with the consequent overrunning of Germany from three sides. The Poles would advance from the east, the Czech-Slovaks from the South, and nearly a million, French Belgians and Americans from the west, while on the north the British fleet would bottle up Germany's ports and complete her economic helplessness.

Weimar, June 18.—Germany fears the consequences of rejecting the revised peace treaty. This attitude was apparent in government circles here today.

Opposition to the pact has not abated one whit, following receipt of official summarization of the revised terms from Versailles by telephone and telegraph. But the prospect of allied invasion, an economic blockade, Bolshevism, and food shortage was obviously the dominating influence here.

London, June 18.—Around Lloyds and older betting places today odds of 5 to 3 were offered that Germany signs the peace treaty. There was some brisk betting at these figures.

ATTACKS GOMPERS

Radicals in American Federation of Labor Armed With Arguments

Atlantic City, N. J. June 18.—Radicals in the American Federation of Labor convention here appear to be armed with arguments, while the conservatives have the votes. Therefore although the radical element today planned an assault on the leadership of President Samuel Gompers it was predicted they would have to take it out in talk. No real attempt is expected to be made to defeat Gompers for re-election when the time comes to vote, but the radicals assert their arguments will tend to restrict the influence of Gompers and the conservatives.

Although the convention yesterday defeated the resolution calling for a strike in behalf of Tom Mooney, under sentence of life imprisonment for the San Francisco bomb outrage in 1916, the International Workers Defense League announced today it will go through with its strike program. Deutlebaum delegate of the Detroit Central Labor Council, predicted 25,000 would strike there July 4. Duncan asserted 60,000 would quit in Seattle. W. B. Patterson, of the carpenters and builders, of Oakland, Cal. declared thousands in California would walk out.

Cumberland, Md., June 18.—Mrs. Evelyn Constable was accidentally drowned in the Potomac river, a short distance above the Wiley Ford bridge when she attempted to swim across the river to the West Virginia short She was carried down stream.

She called for help, and Albert Gedling, her brother-in-law, swam to her assistance and grabbed her hair to keep her from sinking. He says the drowning woman grabbed his foot and he was obliged to release his hold on her hair to use both hands in swimming. As he let go her hair she released his foot and went down.

POTOMAC FISH COMPANY will have on sale tomorrow and balance of week; Jersey trout, Jersey butterfish, rock, sea bass, catfish, carp, steak halibut, steak codfish, white perch, fresh mackerel, crab meat, clams, and green snapping turtles. Chas. H. Zimmerman, Proprietor. Phone 198. 145-2p.

FORT REPORTED ON FIRE

Seven Bolshevik Warships Raise the White Flag—Other Defenses Ablaze

London, June 18.—The North Russian Geenral Staff directing operations againsat Petrograd reports the fortress of Kronstadt, on the Gulf to be on fire, according to a Helsingfors dispath to the Daily Mail which was filed Sunday.

Seven Bolshevik warships have hoisted the white flag, the dispatch states, and will surrender to the British squadron operating in the Gulf of Finland.

Several forts near the fortress of Kronstadt have also raised the white flag, it is said.

The capture of the Fort of Krasnayagorka, across the bay from Kronstadt, the occupation of which by White Guards was announced from Stockholm yesterday, will, it is said, enable the North Russian force to strengthen its thrust against Peterhof and advance quickly on a wide front. Bolshevik garrison near Krasnayagorka went over to the White Guards yesterday. The North Russian force has taken during the present campaign 22,000 prisoners and 87 cannon.

BEER BAN ILLEGAL, ROOT TELLS COURT

New York, June 18.—Elihu Root declared "Congress exceeded its powers" in enacting the war-time prohibition law and that "the Collector of Internal Revenue holds the brewers of the United States in the hollow of his hand." in the course of his argument in the United States circuit court of appeals here. He spoke against the Government's appeal to set aside the temporar yinjunction granted a month ago by Federa Judges Hand and Mayer. The injunction restrains United States District Attorney Caffey and Acting Collector of Internal Revenue McElligot from prosecuting brewers or interfering with their production of 2 3-4 per cent beer.

"The brewers," he said, "are bound hand and foot under the law, even though they are engaged in the manufacture of 2 3-4 per cent beer. They are not alone subject to prosecution under the 'war time measure' but to concented prosecution under the internal revenue law."

Referring to President Wilson' recommendation on May 20 to lift the ban on the manufacture and sale of malt and vinous liquors he said:

"The recommendation did not specify distilled liquors, but the President as commander-in-chief of the armies and the person charged chiefly with the conduct of the war, stated the demobilization had so far progressed that he regarded it safe to resume the manufacture and sale of wine and beer."

Assistant Attorney General Fitts who followed Mr. Root, denied the right of the Federal district court to enjoin the U. S. Attorney from enforcing the criminal statues of the United States.

HOOVER TO RETURN FOR JULY REPORT

Washington, June 18.—Herbert Hoover will return to the United States next month to make his report to Congress on food administration work, cables to Administration officials here stated tday.

Immediately upon completion of the report, which officials say will shw that all of the $100,000,000 revolving fund granted to carry out food restriction will in a few years be returned to the Government Hoover's resignation will be accepted by the President. Hoover may return in the President's party, it was stated.

COMING EVENTS CAST THEIR SHADOW BEFORE

Students of the Bible during the past few years, while the "sea and the waves are roaring," have expressed their conviction that there will be no peace until the return to earth of the Prince of Peace. These expressions are of sober-minded men everywhere. It is a strange phenomenon that the same views are being expressed throughout much of the world. Dr. William T. Ellis, who is seeking to interpret the conditions in Turkey and Palestine as the correspondent of the New York Herald, in a recent dispatch to that paper touched on the same thought and said:

"It was but a few days ago that the Sultan of Turkey, himself the accepted spiritual head of 200,000,000 Moslems throughout the world, told me of his yearning for a prophet to come from God to lead aright the stumbling feet of the world. In this he was but one of a dozen with whom I have conversed since leaving New York harbor—a much decorated British general in a high administrative post confessing himself baffled unless there shall arise a great spiritual leader for the race; Venizelos, the one man who is Greece's greatest asset, speaking wistfully of a spiritual rebirth; another, a romantic figure from the desert, a hero and a champion; talking not of battles, but of whence and we may expect a new interpreter of the Eternal; another, a powerful and wealthy business man with whom I dined in Paris, freely declaring that the social tangle of the times cannot be unraveled unless there shall come a clear Voice calling to the spirits of men: "This is the way, walk ye in it'; others, American officers in France, ripened by their own great deeds, musing upon the possibility of a Personality, who may merge the distracted and divergent minds of men into one common purpose of good will; still another, himself a soldier saint, troubled in soul because in his America there had arisen no great spiritual leader to call in prophet tones the nation back to God. It would be less than honest journalism did I fail to report that amid the welter and discordance of world politics which is my present assignment I find among thoughtful men of every creed and country a decided note of spiritual wistfulness and expectancy.'

The Manufacturers' Record, which often utters spiritual thoughts, says "on one side we see this phase of thought accompanied by an outpouring of money for missionary and philanthropic work which startles by its magnitude. On the other side we see social unrest to an unprecedented extent, an orgy of riotous living and wild, money mad lust and moral rottenness in Germany and Russia and in the victorious countries alike, our own included, profoundly significant as indicating that millions have cut loose the moorings, and, without rudder or compass or pilot, out out on a sea of sensulasim, headed they know not where, nor do they care. It is not inappropriate for a business paper to discuss these things, for they are a part of the life of the world. What is the meaning?"

PEACE OR UTTER CHAOS

As will be seen elsewhere in the Gazette, a treaty of peace is ready for Germany to sign or reject. Included in that treaty—made a basic part of it—is a provision for an association of the nations for the enforcement of peace. Some gentlemen in Washington would sever this provision from the treaty and leave the future dependent upon the good faith of Germany and the willingness of numerous countries to accept without complaint the remapping of Europe which the Council of our has deemed wise to make.

The Philadelphia Inquirer says in this connection that "the world has just passed through an experience with Germany and her lack of conscience. She was solemnly pledged to protect the neutrality of Belgium and made a scrap of paper of her promises. It is useless to say that she has changed. She has not changed. Her ideals are the same. Her dreadful philosophy that Might makes Right is still her religion. What, to her, is a treaty? What sanctity is there about a signature attached to the terms of peace? Supposing her to accept the terms, to what extent would she carry them out if she were in a position to repudiate them? How long would it be before her brief waste basket bulged with more scraps of paper? There is one thing that altogether too many gentlemen in Washington do not seem to realize, and that is that Europe is in a dangerously chaotic state; that it is standing upon the brink of a volcano; that with no guiding hand, and left free to work out its own problems, it would plunge over that brink. The danger of an all continent upheaval is very real. Bolshevism has clutched Hungary, is seizing upon Austria, is overrunning Central Europe and is battering at the gates of France. Bloody revolution flaunts the red flag of anarchy. It will stalk through every capital if there is no barrier save a few signatures to articles of peace.

"Let us have peace, urge certain Seantors of the United States, and concern ourselves with nothing else. By all means, let us have peace. But how is it to be obtained? If there is no power influential enough to preserve the peace, won't some one of these Senators please tell us how there is to be escape from utter chaos? That is a question that if of paramount importance and it is never answered. It cannot be answered.'

COVENANT WITH GERMANY

Clara V. W. Mott, at a time when some people in the United States are disposed to be lenient to Germany, prints the following, in a Baltimore paper. She selects this Biblical passage as a prelude to her pointed poem:

"And an angel of the Lord came up from Gilgal and said: 'And ye shall make no league with the inhabitants of this land, but ye have not obeyed my voice: Why have ye done this?'" —Judges, ii,2.

They have slain your stalwart sons,
And the ground with blood is red;
Make ye covenant with Huns.
Who dishonored your brave dead?
With the ravagers of France,
Roully gloating o'er the raid,
With the thieves of putrid race,
Covenant for sake of trade?

Will ye sell your sons for gold,
Paltry merchants of the world?
Soil and stain with greed your soul,
Ere yon starry banners furled?
Shame! a million mothers cry;
Chase the Hun beast to his lair,
Ere the God of Battles arrives
Ye from out his temples fair.

Can ye then so soon forget
Crimes that shocked a callous world
Do you then forgive the debt?
Blinded eyes, and reason hurled
From the throne of manhood fair;
Womanhood defiled, betrayed;
Infants tortured, drowned and burned?
God! He'll take it out in trade!

Independent Socialists Vote to Join The Moscow Internationale

Stockholm, June 18.—The Congress of Independent Socialists voted yesterday, 186 to 22, to join the "Third Internationale of Moscow" and adopted resolutions favoring Bolshevik measures, such as the placing of production control in the hands of laborers, and to effect a revolution that workers must be armed and the Bourgeoisie unarmed.

The Parliamentary members of the party vainly protested against the resolution and gave warning against any attempt at a proletariat distatorship. It is expected that the rumanarian wing of the party, representing all the Independent Socialistic members of the Swedish Parliament, will secede from the organization.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.

PESSIMISM PREVAILS

Officials at Weimar Express Deepest Pessimism and Resentment

Weimar, June 18.—The new Allied terms reached here late Monday night and the first apparent effect upon the German leaders who remained awake to wait for the terms was that of depression. A report passed rapidly through the old castle, where the Government heads are residing temporarily, that the signing of the peace terms by Germany was highly improbable.

No one would talk for publication, but every official and every member of the Foreign Office available expressed the deepest pessimism and resentment at the alleged cruelty of the terms.

The Germans were especially embittered over a report that a French mob had stoned the helpless German delegates at Versailles.

London, June 18.—Seven members of the German Cabinet favor signing the amended peace terms, while the other seven are opposed to signing, a Reuter dispatch from Berlin says.

STRIKE LEADERS NABBED

Winnipeg, June 18.—Wholesale arrests of leaders in the general strike were made here yesterday. Royal Northwest Mounted Police raided the labor temple, seizing literature. Authorities refused to make public a list of prisoners, but claimed all prominent leaders were included.

The prisoners were held incommunicado in the Stony Mountain penitentiary.

Royal Northwest Mounted Police were on guard today at the labor temple.

WANTS SANE JULY 4

New York, June 18.—The "safe-and-sane" Fourth of July has brought such a relief since it was established a few years ago from the nightmare of noise of the old-time celebrations, that Mayor Hylan yesterday issued a proclamation for another explosiveless holiday. An outlet for the people's feelings will be provided by a big Victory parade and by usual concerts and patriotic exercises.

CALLS LEGISLATURE

Virginia Governor Yields to Request for Highway Extra Session

Richmond, Va., June 18.—Governor Westmoreland Davis last night called a special session of the State legislature for August 13.

This action followed several hours after S. L. Lupton and other members of the State Assembly had filed with the governor's office a petition requesting the extra session. The matter of Virginia obtaining Federal appropriations for new highways will be considered.

Governor Davis also announced that the vacancies now existing in the State assembly would be filled prior to the date for the extra session.

CHILD SET AFIRE

Little One is Fatally Burned When Lighted Cigarette Stub is Thrown on Him

Baltimore, June 18.—His clothing set afire by negro boys who threw cigarette stubs at him, Frank Lamjarski, 4 years old, 508 South Port street, died at Johns Hopkins Hospital early yesterday. He was taken to the institution Monday afternoon by two unidentified women.

The women merely told the physicians at the hospital that negro boys had thrown a cigarette stump at the child and that it had ignited his clothing. The police were notified soon afterward and now are investigating.

Woman Threatens Suit Against Druggist Because He Sold Her Substitute For Nuxated Iron

Case Is Brought To Attention of Physicians Who Warn Public

Say That Ordinary Metallic Iron Preparations Cannot Possibly Give The Same

Strength Power and Endurance

As Organic Iron — Nuxated Iron.

With the threat to sue her druggist because he sold her a substitute for genuine Nuxated Iron, the tonic, strength and blood-builder, one woman has set in motion a wave of indignation over the country against a practice which offers such countless dangers to the health and welfare of the public. This woman claims that instead of obtaining increased strength and improved health as she had with the true Nuxated Iron, she was seriously upset and in fact became ill as a result of using the substitute. Such instances as these have led physicians mentioned below to emphasize that health officials and doctors everywhere should caution the public against accepting substitutes for Nuxated Iron. Those who feel the need of a strength and blood builder should go to their family doctors and obtain a prescription calling for organic iron—Nuxated Iron—and present this to their druggist so that there may be no question about obtaining the proper article. But if they do not wish to go to the trouble of getting a prescription for Nuxated Iron then they should be sure to look on the label and see that the words NUXATED IRON are printed thereon.

There are thousands of people taking iron who do not distinguish between organic iron and metallic iron and such persons often fail to obtain the vital energy, strength and endurance which they seek simply because they have taken the wrong form of iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained.

Manufacturers' Note: The widespread publication of the above information has been suggested by Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Department) New York and the Westchester County Hospital; Dr. Ferdinand King, New York physician and Medical Author; Dr. (George H. Boker, formerly physician and surgeon of Monmouth Memorial Hospital of New Jersey; Dr. H. F. Vail formerly physician to the Baltimore Hospital and a Medical Examiner, and others so that the public may be informed on this subject and protected from the use of metallic iron under the impression that it is Nuxated Iron or at least something as good as Nuxated Iron. Nuxated Iron is not a patent medicine but one which is well known to druggists. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

Itching, Scratching, Skin Diseases That Burn Like Flames of Fire

Here Is a Sensible Treatment That Gets Prompt Results.

Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity.

This is why S. S. S. has been used so successfully in hundreds of cases of Eczema and other skin eruptions. This wonderful remedy is without an equal as a blood purifier, being probably the oldest blood medicine on the market. It has been sold by druggists for fifty years. Get a bottle today and begin treatment that will get results.

You are invited to write to-day for complete and full advice as to the treatment of your own case. Address, Chief Medical Adviser, Swift Specific Co., Dept. 52, Atlanta, Ga.

SLIGHTLY LESS DRASTIC

Allies Will Allow Huns an Army of 200,000 Men.—Must Accept All Blame.—Those Responsible for War Will Be Tried.

Paris, Monday, June 18.—The detailed reply of the Peace Conference to the counter-proposals of the Germans, which was handed to the German delegation at Versailles Monday takes up in its order each of the objections made by the enemy to the treaty.

Among the modications to the treaty which are acceded to by the Conference are frontier rectications for West Prussia, a plebiscite in Upper Silesia, with a guarantee to Germany that she will receive fair treatment in securing mineral products from that region; modifications in the clauses relating to financial and economic phrases of the treaty; permission for Germany to retain 200,000 men in its army temporarily, and a promise to furnish Germany within a month with a full list of the persons who are to be tried for responsibility for the great conflict and violation of the laws of war.

Taking up the subject of penalties, the reply enters into a discussion of the immediate cause of the war and says that the conflict was brought about through the "decision, deliberately taken, of the statesmen of Berlin, Vienna and Budapest."

It is pointed out that even the German memorandum admits that Germany authorized Austria-Hungary to settle the Serbian question on her own initiative and moreover, supported Austria's rejection of Serbia's "extraordinary concessions." It is declared that Germany steadily rejected every proposal for a conference and did not urge moderation until all hope of avoiding war had vanished. German attempts to throw the blame on Russia because of her mobilization of her army, it is pointed out, are vitiated by the fact that this mobilization was the immediate result of Austria's action.

BORDER UNDER GUARD

U. S. Troops Stationed In Every Frontier Town and Hamlet.

El Paso, Texas, June 18.—Every border city, town and hamlet along the Rio Grande in this district is being garrisoned by detachments of American troops by General Erwin to prevent the possibility of a Villa raid across the border in retaliation for the expedition against Villa's forces in Mexico.

El Paso, June 18.—A force of approximately 25 Villa troops were reported a short distance southwest of the San Lorenzo church, eight miles southeast of Juarez, yesterday. A Carranza cavalry command was iin pursuit, but fighting had taken place at noon, according to this report.

The Villa agents said Villa expected an attack from American troops if his forces entered Juarez, claiming he had been informed shot would be fired into El Paso to bring about an expedition against him.

The Villa agents claimed Villa left the town with his men one and a half hours before the American troops crossed, stopping at the race track to remove his wounded soldiers before proceeding south. At the same time the expedition crossed he was outside the lines established by the American cavalry, they said, and went immediately toward Samalayuca, where his train was parked.

Washington, June 17.—Gen. Candido Aguilar, President Carranza's confidential ambassador to the United States, issued to the press yesterday a formal statement declaring that "the Government and people of Mexico sovereignty the crossing of United States soldiers into Mexican territory" and expressing the hope "That the situation created by the latest occurrences in Juarez will be satisfactorily adjusted between the two countries."

RAID ENDS IN SUIT

Prohibition Officer Wins $10,000 Verdict in Defamation Case

Richmond, Va., June 18.—A. G. Backus of Norfolk county must pay Clarence L. Ford of this city $10,000 for defamaiton of character. In February of last year Ford and Guy T. Horner of counsel for the prohibition Department raided the home of Mr. Backus and found a quantity of whisky. The raid incensed the owner, and he charged that while making the raid they stole a diamond ring valued at $700.

The officers at once took cognizance of the charge and when suit was brought Mr. Horner agreed to allow Mr. Backus to settle without going to court. Mr. Ford, however, thought he would take the verdict of a jury in the affair, and when it was heard he asked for $25,000. The jury gave him $10,000. Mr. Backus admitted that he made the charges against the officers while angry, and that he had not owned a diamond ring.

$5,000,000 FIRE

London, June 18.—A big fire started on the Alexandra docks in Liverpool Monday night. Warehouses stored with timber, cotton, oil, 400 barrels of turpentine and other inflammable lazed fiercely for hours. Several vessels were safely removed from the danger zone, but a blazing roof from one ware house fell on the American steamship Norlinda, which was damaged. The crew of the ship escaped.

Newspaper dispatches estimate the damage at $5,000,000.

Countess Markievic Raises Cry for Ireland Upon Conviction

Dublin, June 18.—Countess Markievicz, the Sinn Fein leader and member of Parliament, who was arrested here Friday, was arraigned in the court at Mallow yesterday under the crimes act and sentenced to four months imprisonment on the charge of having caused an unlawful assembly in Cork on May 17.

On hearing her sentence, the countess cried from the dock: "Long live the Irish republic."

The court made no protest against this demonstration by the prisoner.

Countess Markievicz took part in the Easter rebellion of 1913 and was sentenced to a long term of penal servitude. She was released under the general amnesty proclamation. She was rearrested in 1918 and interned, but was released again early this year.

NO WINE OR BEER

Judiciary Committee Turns Down Repeal Proposal by Vote of 10 to 3

That the House Judiciary Committee will not report out legislation for the repeal of war time prohibition of beer and wine became certain yesterday.

A motion by Representative Igoe (Democrat) to exempt light wines and beer from the provisions of the wartime prohibition enforcement act was defeated by a bote of 10 to 3. Those who voted with Mr. Igoe were Representative Gard (Democrat) and Representative Classon (Republican).

Representative Steele (Democrat) was prepared to vote for the Igoe motion, but was absent from the room when the vote was taken. He succeeded later, however, in having his name recorded in favor of the motion.

Only one other member of the committee is known to have been in favor of the repeal move. He is Representative Dyer (Republican), who was absent. Seven other members of the committee were absent, as follows:

Representative Graham, Reavis and Husted, Republicans, and Thomas, Whaley and Neely, Democrats.

Members voting against the repeal motion were Representative Volstead, chairman; Morgan, Walsh Currie, Boies, Cristopherson, Yates and Goodykontz, Republicans; and Representative Webb and Caraway, Democrats.

Following the defeat of the repeal motion, the committee proceeded with the drafting of the bill creating machinery for the enforcement of wartime and Constitutional prohibition. The committees decision on the interpretation of the term "intoxicating liquors" is the most drastic yet written on the statute books of the United States. It follows:

"That the word 'liquor,' or the phrase 'intoxicating liquor,' used in this act shall be construed to include alcohol, brandy, whisky, rum, gin, beer, ale, cider and wine, and in addition thereto any spirituous or vinous, malt or fermented liquor, liquids and compounds whether medicated, proprietary, patented or not, and by whatever name called, containing one half of 1 per centum or more of alcohol by volume which are potable or capable of being used as a beverage."

FEDERATION OF LABOR

Declines to Demand Lifting of Russian Economic Blockade.

Atlantic City N. J., June 18.—The American Federation of Labor yesterday refused to endorse the Soviet form of government in Russia. At the same time it refused to demand the lifting of the economic blockade against Russia and the immediate withdrawal of American troops from Siberia. The convention passed one resolution recommending that American troops be withdrawn as soon as possible and that this government recognize no form of Russian government which did not have the approval of a Russian constituent assembly.

James Duncan, Seattle, offered the resolution indorsing the soviet government. C. A. Strickland, Portland, Ore., fathered the one demanding the return of American troops.

During the debate, Andrew Fu... seth, San Francisco, asked:

"I want to know whether ... convention will authorize the se... ing of ammunition to Russia for ... purpose of murdering Russian wo... men?"

Samuel Gompers replied: "T... question is an insult to this ... vention."

The convention passed a reso... tion urging Congress to recogn... the Irish republic. The resolut... also asked Congress and Presid... Wilson to obtain from the Pe... Conference a hearing for Irish d... egates.

JOHN MCCORMACK AMERICAN

Noted Irish Tenor Becomes Citizen on His 35th Birthday.

New York, June 18.—The night that he thrilled his first audience is incidental, and the moment that he realized that his fame was world-wide is of slight consequence, John McCormick the Irish tenor, declared yesterday upon becoming a citizen of the United States. The ceremony which made him an American took place in the State Supreme Court. He was accompanied by several friends. It also happened to be his thirty-fifth birthday.

When the Court congratulated him, the sad voice that made the "Long, Long Trail" a classic replied, "My heart quivers a bit," and when he took the oath of allegiance his answer was, "Will I? Well, I should say so—so help me God."

McCormack's ambition to become a citizen last St. Patrick's Day suffered disappointment when he made application and learned three months more must elapse between declaration and intention, accompanied by presentation of first papers and actual admission to citizenship.

NEGRO KIDNAPS GIRL

TERRIBLY SWOLLEN

Suffering Described as Torture Relieved by Black-Draught

Rossville, Ga—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would catch me, and I got so I castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be decribed as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

REPLACED WITH WATER

Railroad Thieves Give Seizer Real Surprise

John Basar, a saloonkeeper of 162 Ackerman avenue, Clifton, N. J., recently ordered through a Newark agent two half barrels of whisky from one of the leading distilleries in Kentucky. They were some time coming, but Mr. Basar was happy, for he was almost out of "the stuff." He lost no time tapping the barrels.

"It" flowed with a sparkle but had no color. A thousand thoughts crept through Basar's mind. He hadn't ordered white whisky. Maybe he was seeing things. To make certain he was in his own cellar and not on flight of fancy he tasted the stuff.

But it wasn't any "the stuff" at all. It was just plain water. It flowed like water, it tasted like water and his friends assured him it was water.

The railroad thieves had cost him $450, so he let the agent know about the water as quickly as telegraph wires would do so. He was advised that when "the stuff" was started on its journey to Clifton it was real honest to goodness whisky.

But there are a number of "dry" spots between the particular part of Kentucky from which the booze came and Clifton. Barrels have often been drained before they ever reached their destination, but this is the first time on record that they have been refilled with water.

The railroad officials are puzzled by the latest ruse of the whisky thieves, for they don't know just where to start their hunt. Mr. Basar is looking to them to make good that $450.—N. Y. Sun.

STRIKE NEARS CLIMAX

Telegraphers To Abide by Decision of Labor Officials

Chicago, June 18.—The climax in the nation wide strike of commercial telegraphers will probably be reached within 24 hour, union leaders declared last night after a conference at general strike headquarters here.

A telegram was sent to Samuel Gompers, president of the American Federation of Labor, stating that the strikers would abide by decisions reached at conferences to be held by Mr. Gompers and other federation officers and representatives of the telegraphers' union. At one of these conferences the question of placing the strike situation before President Wilson in a cablegram will be discussed.

BOMB BLAST IN CHICAGO

Explosion Believed Sequel For Warning to Aust Negro Tenants

Chicago, June 18.—A bomb was exploded in the exclusive residence district of the south side known as the Gold Coast Monday night, breaking windows for blocks around and doing some minor damage to property.

The bomb was exploded near the residence of William B. Austin, broker, and is believed to be the sequel to the telephone warning to Mr. Austin to get rid of negro tenants in properties he owns on the south side.

In that section repeated bomb explosions have occurred in buildings occupied by negroes.

BOOTLEGGER KILLED

Gun Battle in Mountain of Wise County—Sheriff Leads Raid, Capturing Twenty-One

Prohibition headquarters in Richmond received a report from inspectors working near Birchell, Wise county, yesterday, telling of the killing of an unidentified man, supposedly a bootlegger, in a shooting affair near there in which two prohibition inspectors were wounded.

After the shooting, which occurred Monday, Federal officers and citizens, led by Sheriff Litton, of Wise County, made a raid in which twenty-one arrests were made. Nine of the men were taken to Roanoke to stand trial before the Unitd States District Court. The two prohibition inspectors wounded by the alleged bootleggers and moonshiners were B. H. Gardner, who was only slightly wounded, and Grady Stultz, who received a bullet through the shoulder.

AIR SERVICES TO ICELAND

Regular Line to be Established With the United States

Official advices to Washington, though, are that Iceland intends to establish a regular air service between Rekkajavik, its capital, and the Eastern ports of the United States.

P. A. Clafson, consul at Ryekjavik, is quoted as saying that two hydroplanes, with sufficient power to accomplish a trans-Atlantic fight, are already in commission and that a large airplane corporation has been formed to bring about regular aerial voyages between Iceland and the United States. The present two hydroplanes will be "tried out" in the circumnavigation of Iceland. Popular imagination does much injustice to Iceland. It vests it with perpetual snows and ice—a bleak and cheerless land, in short—where as Iceland's summer temperature is comparable with that of San Francisco, and its winter temperature holds about the same terrors as the average New England winter. Since we entered the war our trade with he little island has increased almost 1,000 per cent, reaching a total of $3,883,000.

Iceland wants to continue to do business with us, wants Americans to visit her shores and hence the airplanes. They will not only attract attention, but prove that business and pleaure, via direct trips to Iceland, are practicable.

Direct steamship connections between New York and Reykjavik existed all during the war, and will continue, it is believed. And now comes the airplane.

The trip will not be as hazardous as it might seem at first. The American bound plane will "hop off" at Reykjavik and fly about 500 nautical miles to the southern tip of Greenland, where facilities will be approximately the same distance, from Greenland to Newfoundland, and thence to the United States. The same route will be taken on the return trip.

Indeed, it would be strange if you had not, as they are famous throughout the city among the feminine portion of the population at least. There are so many different patterns, a hundred or more, we believe, to select from that it is almost a difficulty to make selection. Floral patterns predominate, but they are developed in natural and conventional effects, until it is difficult to determine the unit of design, and many are in the two-tone or silhouette effects so much in demand.

The majority of our handsomest designs are exclusive with us in this city. Kann's—Street Floor.

THE TEST THAT TELLS

Is the Test of ime. Many Alexandria People Have Made This Test

Years ago this Alexandria citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Alexandria reader demand more convincing proof? It's Alexandria testimony—it may be investigated.

Mrs. Milton Moor, 123 Duke St., gave the following statement on April 13, 1915: "Doan's Kidney Pills are one of our household remedies. I have used Doan's several times when I have had backache and general kidney disorder with very good results. I always recommend anything I know is good and I am sure Doan's are a fine remedy."

On March 14, 1919, Mrs. Moor added: "I praise Doan's Kidney Pills just the same as ever, for they have always been just as represented. If I have the least backache a few of Doan's are sure to give me relief."
